THE CONFERENCE
EuCAP is Europe’s largest and most significant antennas and propagation conference attracting more than 1400 participants from academia and industry, and more than 50 industrial exhibitors from all over the world. It is a great forum for exchange of new technical-scientific achievements, for demonstrating state-of-the-art technology, and for establishing and strengthening professional networks.

EuCAP 2020 will mark the beginning of a new decade for technical-scientific research in Antennas, Electromagnetics, Propagation and Measurements as well as the 200 years anniversary of Hans Christian Ørsted’s discovery of electromagnetism.

FORMAT OF THE CONFERENCE
The conference will comprise:
- Plenary sessions with invited and keynote speakers
- Oral sessions (both convened and regular)
- Poster sessions
- Short courses
- Industrial and scientific workshops
- Industrial exhibition

APPLICATION TRACKS
Aiming at increasing the interaction between academia and industry, the conference will feature session tracks focused on front-line applications; see back side.

BEST PAPER AWARDS
For EuCAP 2020 there will be a Best Student Paper Award and Best Paper Awards in the four categories Antennas, Electromagnetics, Propagation, and Measurement.

GRANTS
A limited number of grants covering both travel and registration will be offered to selected authors of high-quality papers. Please see the conference homepage for more information.

AMTA EUROPE
The Antenna Measurement Techniques Association (AMTA) is strongly involved in the conference. AMTA will contribute with invited speakers, provide special sessions, cooperate in the application tracks, and sponsor the technical tours.

IET AND EUMA
Authors can apply for publication in a special issue of either Microwaves, Antennas & Propagation (IET) or International Journal of Microwave and Wireless Technologies (EuMA) during the submission process. Please see the conference homepage for more information.

EXHIBITION AND SPONSORSHIP
The conference will provide numerous opportunities for exhibitors and sponsors, according to their strategic visibility and publicity targets. Coffee breaks and lunches will be served in the exhibition area, in order to increase the interaction between participants and exhibitors. Please see the conference homepage for more information.

COPENHAGEN
Copenhagen is a pocket-sized fairy tale and at the same time, a buzzing and innovative hub of ideas. Copenhagen’s airport is Scandinavia’s main traffic hub offering direct flights to 150+ international destinations. Innovative, sustainable and modern design, green oases and clean waters, and excellent food make Copenhagen a unique city.

Information for Authors
Authors are invited to submit papers in PDF format, with a minimum length of two and a maximum length of five A4 pages.

The paper must contain enough information for the Technical Programme Committee and reviewers to assess the quality of the work in a single acceptance/rejection review process. It will be possible to revise accepted papers in line with the reviewers’ comments.

Submit your paper online at www.eucap2020.org no later than 18 October 2019. The submission requires an EDAS® account, which is free.

Presented papers will be included in IEEE Xplore, if the authors choose this option during the submission process. Compliance to the IEEE format is mandatory in this case.

At least one of the authors of each paper must register as delegate for attending the conference. A delegate cannot register more than two papers in his/her name as “presenting author”.

Important Dates
Deadline: 18 October 2019
Notification: 11 December 2019
Revised paper: 17 January 2020

Firm Deadline
For EuCAP 2020, there will be no extension of the paper submission deadline; late or updated submissions will not be accommodated after the deadline.
