

First Announcement

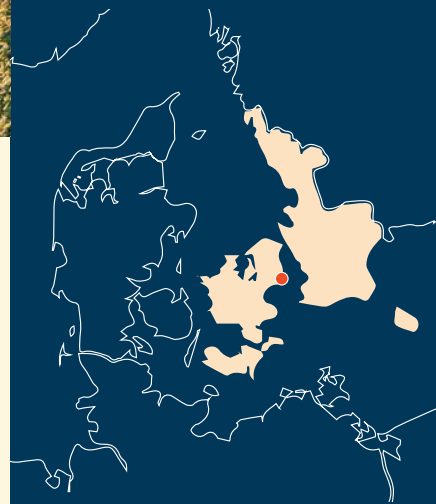

Copenhagen  
Denmark

14<sup>th</sup> European Conference on Antennas and Propagation

15 – 20 March 2020

Welcome to  
Greater Copenhagen

**A few of many reasons  
to attend EuCAP 2020**

- 150+ worldwide connections to Copenhagen Airport
- 10-15 min. between airport, city centre, and conference venue by Copenhagen Metro
- Ample accommodations from cheap youth hostels to luxury five-star hotels
- High technical-scientific conference level supported by strong regional industries and universities
- Top-modern conference venue at Bella Center
- Excellent conference exhibition area to display state-of-the-art technology
- Younger researchers get-together and job fair

**Dear Colleagues,**

On behalf of the Conference Organizing Committee, it is my pleasure to invite you for EuCAP 2020.

EuCAP is Europe's largest and most significant antennas and propagation conference attracting academic and industrial participants at all career stages from all over the world. It is a great forum for exchange of new technical-scientific achievements, for demonstrating state-of-the-art technology, and for establishing and strengthening professional networks.

Year 2020 marks the beginning of a new decade for antennas and propagation as well as the 200 years anniversary for Hans Christian Ørsted's discovery of electromagnetism. EuCAP 2020 will be an excellent occasion to reminisce the proud history of our great community as well as to forecast the challenges and possibilities of a promising future.

Copenhagen is a superb conference venue with North Europe's largest airport, with ample accommodation opportunities, with efficient local transportation, with food offerings from street vans to three Michelin stars restaurants, with a clean and sustainable environment, and an informal and peaceful atmosphere.

I look very much forward to welcoming you in Copenhagen for EuCAP 2020.

Sincerely

Olav Breinbjerg, Conference Chair
